

Empowering the Plastic Industry

Artificial Intelligence for Advanced Machine and Process Design

LIVE WEBINAR

OCTOBER 11, 2023 2-3PM OR OCTOBER 24, 2023 2-3PM

SPEAKER:

DR.-ING. JAN TRIPPE
CSO IANUS Simulation GmbH

GIUSEPPE CICALESE
CEO and Co-Founder presso R&D CFD

Empowering the Plastic Industry

Our webinar will delve into the integration of AI and simulation in the plastics domain:

- Introduction to AI and Digital Twins
- Application examples in the plastics industry
- Extrusion - Enhancing performance and optimizing quality
- Interactive Q&A session
- Preview of future developments

Join us to discover the future of the industry and the importance of this transformative shift.
